Nomination Form
FACULTY SCHOLAR-TEACHER AWARD

</div>

The Scholar-Teacher Award honors tenured faculty members who have made outstanding synergistic contributions in research and teaching. Often the most effective faculty members are those who are able to integrate their teaching with their research, whose research informs and adds excitement to their teaching, and whose interactions with students in the classroom stimulate and inform their scholarship. This award will recognize those who make visible the vital link between teaching and scholarship, by contributing to the scholarship of teaching and by bringing together scholarly and classroom activities. Through their example, by their efforts in the classroom and their reflection on those efforts, and/or by their contributions to the literature of teaching and learning, those who are honored add to our knowledge of a specific discipline and offer a model of how scholarship and love of learning can be transmitted to students.
